

Terms & Conditions for use of BAS Certification Mark

Use of the BAS Certification Mark is subject to the conditions detailed below:

1. This mark shall not be used on a product nor product packaging nor in any other way that may be interpreted as denoting product conformity.
2. NOTE ISO/IEC 17030 provides additional information for use of third-party marks. A certification body shall not permit its marks to be applied by certified clients to laboratory test, calibration or inspection reports or certificates.
3. A certification body shall have rules governing the use of any statement on product packaging or in accompanying information that the certified client has a certified management system.
4. Product Packaging is considered as that which can be removed without the product disintegrating or being damaged.
5. Accompanying information is considered as separately available or easily detachable.
6. Type labels or identification plates are considered as part of the product.
7. The statement shall in no way imply that the product, process or service is certified by this means. The statement shall include reference to:
 - ✓ Identification (e.g. brand or name) of the certified client;
 - ✓ The type of management system (e.g. quality, environment) and the applicable standard;
 - ✓ The certification body issuing the certificate.
